» **Anti Theft-Protection****Anti-theft protection with alarm system**

active state is not possible!

The MEDIUM anti-theft protection offers you safety for your projector or your notebook. A motion detector (2 different adjustable alarm levels) activates a high-frequency 105dB alarm at unauthorized motion which is why you do not have to keep an eye on your values at exhibitions, in conference rooms or in class rooms. You can concentrate on important sales discussions and do not permanently have to watch your projector. Furthermore, your projector or your notebook are covered by your insurance if you have used the anti-theft -device. Removing the batteries during the
