Parts List:

- (1) Top shelf with handle
- (1) Middle shelf with 8 leg bosses
- (1) Bottom Shelf with caster inserts
- (8) 16 1/2" legs
- (4) 8 1/2" legs
- (3) Cable Management Clips
- (2) 4" Swivel casters with brake
- (2) 4" swivel casters

Required Tools

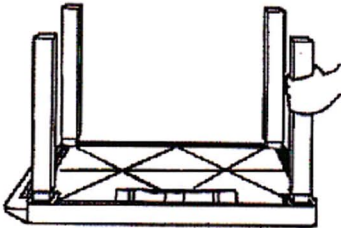

Rubber Mallet

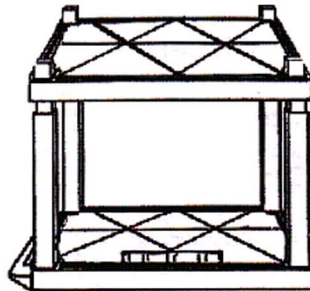

Optional: metal hammer with block of wood to cushion impact.

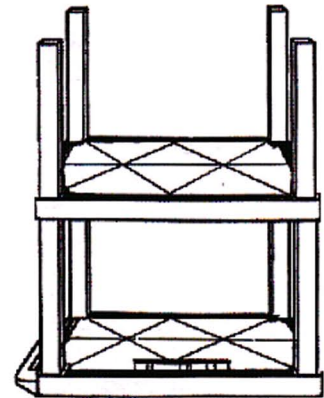

1. Place top shelf on firm surface, underside up. Insert legs onto leg bosses. Pound firmly with rubber mallet. (For assembly of WT34E use 8 1/2" legs at this time.)

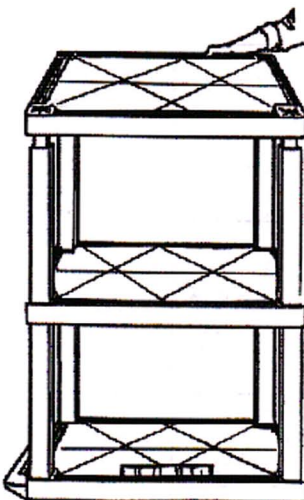

2. If your table has no middle shelf, proceed to step 4. If your table has a middle shelf, position middle shelf, underside up onto legs. Using rubber mallet, firmly seat legs onto shelf.

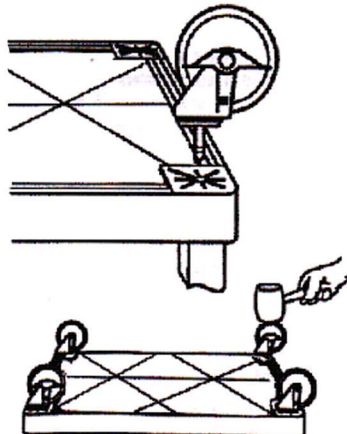

3. Place remaining legs onto leg bosses. Pound firmly with rubber mallet.

4. Position bottom shelf, underside up onto legs. Using rubber mallet, firmly seat legs onto shelf.

5. Firmly insert casters into caster sockets found in corners of bottom shelf. NOTE: CASTERS MUST BE FIRMLY SEATED. POUND FIRMLY WITH RUBBER Mallet.

6. For Big Wheel models only. Slide metal axle through molded-in double axle sleeves found on underside of bottom shelf. Slide wheels over each end of the axles. Place push nuts over each end of the axle at the same time. Gently tap each nut in place at the same time. Snap custom hubcap over each end. Insert two locking casters to the front side of shelf as shown in step 5.
