- Colour: Steel parts: white-aluminium (RAL 9006), powder-coated
- **Including 3 steel plates** (35 x 32 cm). These can be positioned on either side of the aluminium column at any height (infinite adjustment)
- 2 steel shelves measuring 32 x 70 cm in total can be attached to the top level
- Load capacity of the individual steel shelves: 8-10 kg
- Triple power socket with 1.4 m cable for quick powering of the units

- H/W/D: 100-145/50/73 cm
- Weight: 16 kg
- Code No. 18020

Accessories

- 1) Steel panel W/D 32/35 cm**
 - Weight: 4 kg
 - Code No. 18021
- 2) Steel panel W/D 32/35 cm with telescopic extension**
 - Extension is steplessly adjustable to approximately 45 cm, and can be locked by tightening a knob
 - Weight: 4.5 kg
 - Code No. 18022

The steel panels are individually height-adjustable.

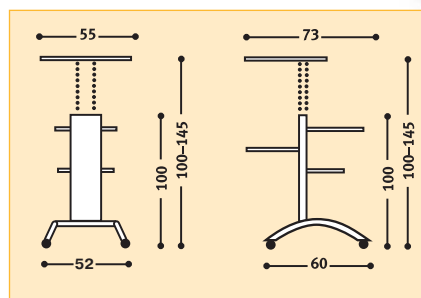

2 steel panels positioned at the same height form a working area with a total size W/D: 32 x 70 cm!

Integrated multiple-outlet socket strip

The telescopic extension increases the height of the media trolley by 45 cm.

Multistage Lectern – combining style and functionality

- Stylish lectern with modern arched tubular-steel base and strong aluminium column
- Height of manuscript panel is easy to adjust (telescopic extension)
